VingCard Allure

Electronic Lock

VingCard Allure is a highly innovative electronic locking solution with a unique, flexible design and more features than ever before available in a locking system. The refined, contemporary and intuitive concept and technology was created with the elegant designer in mind.

Based on VingCard's RFID locking platform, Allure consists of a variety of wall panels, giving designers freedom of choice with a state of the art design-centric hardware and software solution.

Allure integrates VingCard's most advanced contactless locking solutions into its interior electronics, including Radio Frequency Identification (RFID) compatible locking technology, as well as full compatibility with the Visionline online solution.

FEATURES

- : Wall-mounted panel with LED light information indicators.
- : Wall reader with customizable intelligence and functionality.
- : Stylish glass looking panels with flexible design options.

VingCard Essence

Electronic Lock

VingCard Essence revolutionizes the electronic lock industry by housing all lock components, including the reader and mobile access board, inside the door and therefore, reaching the maximum minimalistic expression, the true essence of an electronic lock. VingCard Essence is always delivered as Mobile Access ready. With Mobile Access board included inside the reader, your property is ready for using the mobile phone as guest room key whenever required.

FEATURES

- : Solid Stainless Steel or brass handles with self-lubricating long life bearings.
- : 3-point steel latch construction with an antifriction mechanism.
- : Case hardened full 1-inch (ANSI) throw deadbolt.
- : Panic release function – the deadbolt and latch are automatically retracted by inside handle for easy egress in emergency situations.
- : ADA compliant (users with physical disabilities).
- : Future proof re-programmable FLASH lock memory.
- : Powered by three (3) AA batteries that provide up to 2 years normal life (depending on door traffic and online/mobile access functionality).
- : Compatible with Visionline Software platform.
- : 2000 event audit trail.
- : Optional high security mechanical override (key cylinder).
- : Mobile Access board included in reader.
- : RFID Specifications:
 - 13,56MHz technology
 - compatible with the following standards:
 - ISO 14.443 A (MIFARE including Desfire)
 - ISO 14.443 B
 - ISO 15.693
