Door Handles Code Handles

Standalone access control for special application Code Handle

Easy and comfortable

CodeHandle is a set of handles with access control without any cards or keys, simple and effective. It's suitable for any kind of interior door, in residential or institutional enviroment where comfortable and ease of use its a priority. Code handle is the solution for most of the restricted areas: offices, wearhouse, private areas, wardrobe, etc.

Attractive design and easy to install

As the keyboard is integrated in the handle is a more atttractive option than the wall readers. Also is very easy to install: without cables, without special drills... you can install it as any other handle.
