

## VingCard Allure

### Electronic Lock

VingCard Allure is a highly innovative electronic locking solution with a unique, flexible design and more features than ever before available in a locking system. The refined, contemporary and intuitive concept and technology was created with the elegant designer in mind.

Based on VingCard's RFID locking platform, Allure consists of a variety of wall panels, giving designers freedom of choice with a state of the art design-centric hardware and software solution.

Allure integrates VingCard's most advanced contactless locking solutions into its interior electronics, including Radio Frequency Identification (RFID) compatible locking technology, as well as full compatibility with the Visionline online solution.

### FEATURES

- : Wall-mounted panel with LED light information indicators.
- : Wall reader with customizable intelligence and functionality.
- : Stylish glass looking panels with flexible design options.
- : Illuminated room number option with 16 selectable LED light themes.
- : Inside panel for setting "Do Not Disturb" (DND) and Make Up Room (MUR) status.
- : Standalone solution for DND/MUR setting and status display.
- : Wireless communication between wall and door unit.
- : Online connectivity with Visionline Wireless (ZigBee) or Visionline Wired (PoE).
- : RFID Specifications:
  - 13,56MHz technology
  - Compatible with the following standards:
    - ISO 14.443 A (MIFARE including Desfire)
    - ISO 14.443 B
    - ISO 15.693

## VingCard Essence

### Electronic Lock

VingCard Essence revolutionizes the electronic lock industry by housing all lock components, including the reader and mobile access board, inside the door and therefore, reaching the maximum minimalistic expression, the true essence of an electronic lock. VingCard Essence is always delivered as Mobile Access ready. With Mobile Access board included inside the reader, your property is ready for using the mobile phone as guest room key whenever required.

### FEATURES

- : Solid Stainless Steel or brass handles with self-lubricating long life bearings.
- : 3-point steel latch construction with an antifriction mechanism.
- : Case hardened full 1-inch (ANSI) throw deadbolt.
- : Panic release function – the deadbolt and latch are automatically retracted by inside handle for easy egress in emergency situations.
- : ADA compliant (users with physical disabilities).
- : Future proof re-programmable FLASH lock memory.
- : Powered by three (3) AA batteries that provide up to 2 years normal life (depending on door traffic and online/mobile access functionality).
- : Compatible with Visionline Software platform.
- : 2000 event audit trail.
- : Optional high security mechanical override (key cylinder).
- : Mobile Access board included in reader.
- : RFID Specifications:
  - 13,56MHz technology
  - compatible with the following standards:
    - ISO 14.443 A (MIFARE including Desfire)
    - ISO 14.443 B

### ASSA ABLOY Hospitality Mobile Access App

Ready to use and designed for properties that want to offer basic mobile access, ASSA ABLOY Hospitality's standalone app provides facilities with a quick and easy way to equip users with digital key functionality. As a straightforward solution, the ASSA ABLOY Hospitality app does not require integration or third party dependencies.

#### FEATURES

- : Streamlines operations
- : In most cases allows users to skip check-in
- : Increases loyalty and profitability
- : iOS and Android compatible
- : Ready-to-use solution
- : Powered by Seos, the world's first multi-platform ecosystem for issuing, delivering and revoking digital keys
- : Compatible with VingCard Classic, Signature, Allure and Essence
- : Connects securely to cloud-based ASSA ABLOY Hospitality Mobile Access services
- : Offers two solution variant options:
  - A generic app that is published by ASSA ABLOY Hospitality on App Store and Google Play.
  - A basic, customized branded app available on App Store and Google Play.

### HOW IT WORKS - GUEST PERSPECTIVE

1 Download the app and register

2 Make the reservation

3 Receive a notification with the room number and mobile key

4 Bypass check-in and go directly to the room

5 Hold the smartphone to the door lock and enter the room!

Please kindly contact Fortress Land for more details.

## Wide Variety of Accessories to Enhance your system

### RFID Remote Controller

This independent unit provides access control to common doors, such as parking, health clubs, conference suites, staff entrances or guest night entrances. VingCard Remote Controllers are fully compatible with all of VingCard's card locking systems.

### RFID Elevator Controller

VingCard's Elevator Controller is designed to be built into the elevator panel and operates offline. The security level of the hotel will increase, as only guests with a valid keycard will have access to the elevators/floors.

The Elevator Controller is compatible with all of VingCard's card locking systems.

### RFID Exit Device

Our Exit Device works with your VingCard electronic card locking system. This makes it possible to use encoded cards to control all guest and staff access to the building, while providing a panic exit device to satisfy all safety considerations for emergency exit. Opening the door from the inside is achieved by simply pushing the push bar.

### RFID Locker Locks Management System

Efficiently manage with RFID cards or wrist band. The choice of locks for lockers is simple when you choose this Locker Lock to secure peoples belongings while at SPA, waterpark, gym, pool area or even at offices. Fashionable design with a comfortable round front handle. Dual use mode allows you to have Locker Locks in both shared use mode and assigned use mode at the same time.

### Bathroom Locks

VingCard's Bathroom Lock has an occupancy indicator and a thumb turn, making it easy to change the lock case handing from left to right. The Bathroom Lock is delivered in Satin Chrome, Satin Brass, Polished Chrome and Polished Brass.

Please kindly contact Fortress Land for more details.
